LIBRARY AS A LEARNING RESOURCE

The library has been actively engaged in designing and delivering need-based information services. During the COVID-19 pandemic, the library continues to keep connected with the user community and to support their academics by providing off-campus access to e-resources through Remote Access Portal

The library provides a remote access facility to the faculty, staff, and all student members. Users can get access to the remote login facility for accessing online and digital resources from outside of college. Users can access online resources as per the library e-resource access policy and remote access policy but our college does not provide this facility right now.
