UGC Guidelines:

The University Grants Commission (UGC) plays a crucial role in regulating higher education in India, including teacher education programs like B.Ed. While the National Council for Teacher Education (NCTE) is primarily responsible for the recognition and regulation of teacher education institutions and programs, the UGC's guidelines influence the overall framework for higher education, including teacher training. These guidelines often address aspects like eligibility criteria, admission procedures, curriculum, and quality assurance.

Note: It's always recommended to refer to the official websites of the UGC, NCTE, and the specific institution or state education board for the most up-to-date and detailed information on B.Ed. admission policies.
